

CANSURVIVE CENTRE MALAYSIA BERHAD

"HOW NOT TO BE THE NEXT VICTIM"

"Almost 1 million died of heart attack & 1/2 million from cancer"

SYNOPSIS

Metabolic Diseases - Diabetes, Heart Disease, Kidney Failures, Cancers, are progressive state of health deterioration mainly contributed by diet and lifestyles. Despite mainstream medicine advancement in symptom management, metabolic disease is escalating to pandemic state globally. Controlling symptoms without addressing the underlying causes may lead to fatal consequences.

Learn how Nutritional Medicine deals with metabolic disorders differently by using simple diet & lifestyle manipulations and nutrients supplements to prevent and to reverse & treat these conditions.

SPEAKER

Mr Ambrose Hiew is a Practicing Nutrition Therapist and currently serving as the Secretary of the Association of Nutrition Medicine Practitioners, Malaysia.

He often uses unorthodox evidence based approaches on his treatment. His view and methods in dealing with underlying causes differ greatly from mainstream medicine symptom management practices.

CANSURVIVE & IT'S PURPOSE

Cansurvive is a support and information service for those who are challenged with cancer. Not just information and support, but a service that offers a greater awareness of the benefits of holistic, non-invasive cancer therapies, nutrition and diet, as well as orthodox treatments; what is available and where to access them. It is a window of light into the world of healing, where the word "Terminal" is a challenge, not a death sentence.

Mr Ambrose Hiew

Saturday

15th June 2013
