

GENTLE REMINDER :**Have you rsvp your seat for our Honey Talk next Saturday (23/2/13) ?****CANSURVIVE CENTRE MALAYSIA BERHAD**

Role of honey as an anti-oxidant in the development of Cancer.

SYNOPSIS

It is known that oxidative stress induced by free radicals, such as reactive oxygen species and nitrogen species are involved in the development of Cancer. Honey has been found to have antioxidant, anti-inflammatory, and antimutagenic, antimicrobial as well as wound healing properties. Honey contains chrysin, galangin, quercetin, lutein and other flavonoids and phenolic compounds which are known antioxidants. So today's talk will focus on the role of Malaysian honey as an antioxidant and its possible effect on cancer.

SPEAKER

Dr. Rajes Qvist is a PhD holder in Molecular Biology and an academician by profession with 30 years of research and teaching experience in several areas of biological sciences such as reproductive biology, diabetes and cancer research. Currently she is employed as a senior research fellow at the Faculty of Medicine University of Malaya. Her research interest include Diabetes, Sepsis, reproductive biology and cardiovascular disease. She had her basic training in Melbourne, Australia and currently has several degrees BSc (Hons) (Melb., W. Australia., S'pore), MSc (S'pore), PG Dip. Immun. (Monash, Aus), Dip Biotech. (RMIT, Melb), Ph.D Strasbourg, France. She is the winner of several research awards from Melbourne, Singapore, Denmark, France and Japan and has the experience of having worked in the above countries. Her research in Malaysia is mainly funded by the Malaysian Government and she has published in International journals and presented her work at international meetings.

CANSURVIVE & IT'S PURPOSE

Cansurvive is a support and information service for those who are challenged with cancer. Not just information and support, but a service that offers a greater awareness of the benefits of holistic, non-invasive cancer therapies, nutrition and diet, as well as orthodox treatments; what is available and where to access them. It is a window of light into the world of healing, where the word "Terminal" is a challenge, not a death sentence.

**Dr. Rajes Qvist****Saturday****23 February 2013****4.00 pm - 6.00 pm****Venue :**
