

THE HEALING POWER OF SOUND

The Healing Power of Sound will help us to understand the science behind sound healing, Law of resonance, frequencies, brain entrainment, states of consciousness induced by binaural Beats. It also takes a closer look at the rife frequencies and how it “zaps” Cancer cells.

The speaker, Mr CK Ng, will share his experience from the just concluded GLOBE SOUND HEALING CONFERENCE and Outdoor Festival held in San Francisco on September 24-26, 2016. This annual conference provides a good balance of Sound Healing Science, New Technologies, and Life Transforming Experiential Workshops and Concerts. It was hosted by 30 of the top Researchers, Pioneers, Instructors, Doctors, Sound Therapists, and Musicians in the field addressing important issues and topics in this rapidly expanding field of Sound Healing.

He will also be sharing information about the pioneering works of the The Sound Healing Research Foundation which is performing clinical research on the use of Sound and Music in the areas of Pain Management, Autism, ADD/ADHD, PTSD Treatment for Veterans (Anger, Grief, Depression, Anxiety and Panic Attacks), Drug Rehabilitation, Sleep Disorders, Premies, Babies and Young Children, The Frequencies, Sounds and Musical Flow of Love

CANSURVIVE & IT'S PURPOSE

Cansurvive is a support and information service for those who are challenged with cancer. Not just information and support, but a service that offers a greater awareness of the benefits of holistic, non-invasive cancer therapies, nutrition and diet, as well as orthodox treatments; what is available and where to access them. It is a window of light into the world of healing, where the word ***“Terminal” is a challenge, not a death sentence.***
