# CANSURVIVE CENTRE MALAYSIA

Cansurvive Centre Malaysia Berhad is a Non-Profit Organisation that provides guidance and compassionate community support for patients who suffer from cancer as well as for family and friends. Not just information and support, but a service that offers a greater awareness of the benefits of holistic, non-invasive cancer therapies, nutrition and diet, as well as orthodox treatments; and where to access them. It is a window of light into the world of healing, where the word "Terminal" becomes a challenge, not a death sentence.

Our main aim is to assist people with cancer to achieve a rewarding and beneficial outcome. As we believe that cancer is a disease caused by the imbalance of Mind, Body and Spirit, we embrace all forms of treatment and healing therapies. We provide information that encompasses Allopathy, Homeopathy, Ayurveda, Traditional Chinese Medicine, Bio Energetics, Mental Health Discipline and other modalities making it a truly holistic approach to cancer. The combination of one or more of the approaches has proved powerful and greatly supportive for the cancer healing journey.

With us, you will discover a safe place where you may express yourself and share your pain and suffering and find answers in a holistic manner. In time, you will find trust, cherishing and caring individuals who will listen sympathetically and guide you non-judgmentally. Hence, for the rest of your life you will regain your strength and have the satisfaction of guiding others in their own difficult challenging pathway.
