# HARMONIOUS LIVING - MY EXPERIENCE

## SYNOPSIS

The human-body is a miraculous instrument given to Man to chart his course on earth for the purpose of serving himself and others. Therefore, it is a sin to abuse it. When you talk of the human-being, it is composed of the body, the mind, the spirit, emotions and the vital force. All the parts which have been mentioned need to be nurtured with that very important element known as love. But Man often misconstrues love for lust. We have to choose between love and lust. To state in brief, it should be a wholesome development. This is the royal road to success.

## SPEAKER

Mother Mangalam born in Singapore in 1926 is a teacher by profession. Her lifelong ambition was to serve the war-stricken. Her religious life, influenced by Hinduism, Buddhism, Islam and Christianity, has transformed her into practising spiritual values amid a multi-religious setting with equal respect for all religious schools of thought.

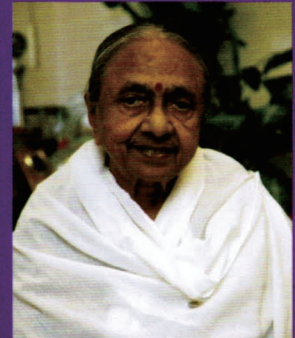

From 1952 - 1960 Mother Mangalam was involved in the day-to-day activities of the Pure Life Home for orphans and homeless children, and is still looked forward to for advice, direction and counselling. After completing her professional career as head of the Dharma Institute in 1977 her focus was towards the development of the Homes and the INSaF.

In 1961, she became the Life President of the Society by virtue of the Society's Ordinance No. 15 of 1957 following the demise of the Founder-President of the Society, H.H. Swami Satyananda PhD, J.P. Swamiji had been her inspiration and mentor throughout her life since the age of 11.

Mother Mangalam has received 29 awards from religious, social and political organizations, clubs, societies locally and overseas and also National Awards. The latest being Merdeka Award 2010 for community and education.

## CANSURVIVE & IT'S PURPOSE

Cansurvive is a support and information service for those who are challenged with cancer. Not just information and support, but a service that offers a greater awareness of the benefits of holistic, non-invasive cancer therapies, nutrition and diet, as well as orthodox treatments; what is available and where to access them.
